## ABOUT US

Noble Multispecialty Hospital (NABH accredited) situated at Hoshangabad Road, Misrod, Bhopal, was established with a vision to raise the bar of Healthcare in Madhya Pradesh to the highest standards.

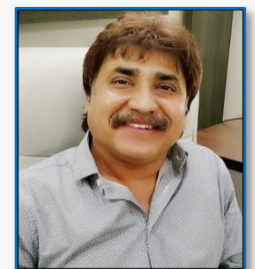

The hospital with 110 beds and ample Infrastructure spread over 62000 sq ft (seven floors) offers an entire spectrum of services through a seamless network and provides 'State of Art' evidence based healthcare with focus on personal attention, doctor accountability and choice of informed decisions.

The technology advantage is complemented by man power excellence that provides sophisticated and specialized medical care at affordable cost.

With established systems and procedures in place, the Hospital offers a new healthcare experience to patients.

## FROM THE DESK OF CHAIRMAN

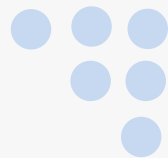

*"I am committed to providing high quality healthcare through a comprehensive range of services, commitment and timely access; with respect and dignity. My Team and I further intend to promote the State Government's Health Schemes through a series of 'Health Camps' in the far most regions of the State so that each and every citizen has access to quality health care. Special emphasis will be given to BPL citizens to create awareness and ensure the Schemes are availed by them. In addition, our NABH Certification will ensure quality across systems, procedures and services"*

Rajeev Mishra  
Chairman

## SERVICES RENDERED

Our **Cardiac Unit** is fully modular (walls impregnated with antibacterial compound) facility, spread over 12000 sq ft (complete dedicated floor) with 20 beds dedicated for the purpose conducting over 100+ investigations & procedures per month. With the most advanced CathLab 'GE Optima Innova 2100' (with Stent Viz) along with DSA & Spin Angio Algorithm compatible with FFR & IVUS; the Centre embraces the latest technology to assure precision and patient safety'. A State of Art Cardiac Operation Theater with AHU & Laminar Air Flow compliments the unit.

Our **Nephrology & Dialysis Unit** integrates advanced equipment and medical expertise to provide care and treatments pertaining to general nephrology and dialysis. The department is conducting over 900 (OP& IP) dialysis procedures on 12 of the latest generation, fully computerized bicarbonate haemodialysis machines with volumetric ultra filtration and adjustable sodium facility, ensuring better patient safety profile. An advanced R.O. (Reverse Osmosis) plant provides water for the dialysis, to ensure patient safety and prevent long term complications on haemodialysis.

Our **Intensive Care Unit** is a special unit that cares for patients with acute, life-threatening illness or injury. Critical Care is provided by specially trained ICU teams of Critical Care Specialist, physicians, nurses, respiratory therapists, pharmacists and other allied health professionals who use their unique expertise and ability to provide intensive resuscitation, ongoing treatment, and monitoring to the hospital's sickest patients. Our state-of-the-art 16-bed Intensive Care Unit (ICU) is equipped to treat you or a loved one if you are critically ill. We provide complex, specialized medical care and round-the-clock monitoring.

Our Blood **Bank & Aphaeresis Center** which runs 24 hrs x 365 days is where blood and blood components are stored under ideal conditions with temperature control and alarm facilities, following stringent screening procedures. The Blood Bank accepts blood on a voluntary donor/replacement basis only. The technologically advanced blood transfusion unit carries out all therapeutic procedures & ensures availability of blood & blood components round the clock. Blood donation is undertaken during all working days.

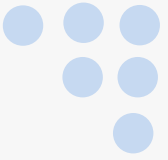

Our concern for **Comfort and Convenience** is evident throughout the hospital. Steps are taken to maintain patient privacy while allowing patients to benefit from more economical tariffs and making all other amenities such as dedicated wardrobes, television, etc available. Besides the standard General Ward, there are four types of air-conditioned hospital rooms available to our patients who have to stay overnight in the hospital:

- ✓ **Semi Private** - 'Same Gender' shared accommodation for two patients with shared amenities
- ✓ **Private** - Television, Telephone, Wi-Fi, & Attendant Couch
- ✓ **Deluxe** - Television, Telephone, Wi-Fi, Refrigerator & Attendant Couch
- ✓ **Super Deluxe** - Television, Telephone, Wi-Fi, Refrigerator, Wardrobe, Sofa Setting, extra Bed

## 24X7 FACILITIES

# PROVIDES EXTENSIVE EMPLOYEE TRAINING & DEVELOPMENT PROGRAMS

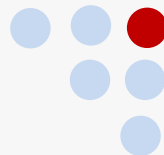

Training and development initiatives are educational activities within our organization that are designed to improve the job performance of employees. Training programs designed to strengthen those skills that each employee needs to improve and in this way skills that each employee needs to improve and we concentrate to such Training Program for employees. Think that training improves efficiency and productivity of employees. We believe well trained employees show both quantity and quality performance at works. There is less wastage of time, money and resources, if employees are properly trained for work performance area.

Our belief is that training is the core process of enhancing the skills, capabilities and knowledge of employees for doing a particular job. Employee development program brings all employees well updated with skills to a higher level so they all have skills and knowledge at par. This helps us to reduce any weak links within the organization that rely heavily on others to complete basic work tasks. Training process molds the thinking of employees and leads to quality performance of employees. It is a continuous and never ending process with us to build up efficient human resources in the long run.

Training allows employees to acquire new skills, sharpen existing ones, and perform better, increase productivity. Since organization is the achievement of sum total of what employees contribute individually.

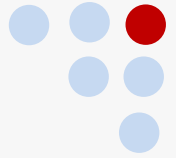

## TIE-UP WITH MP GOVT TO CARRY ON RASTRIYA BAL SWASTHYA KARYAKRAM

**RASHTRIYA BAL SWASTHYA KARYAKRAM (RBSK)** is one of its kind program to improve the overall quality of life of children enabling all children achieve their full potential; and also provide comprehensive care to all the children in the community. An innovative and ambitious initiative, which envisage Child Health Screening and Early Intervention Services, a systematic approach of early identification and link to care, support and treatment. This program involves screening of children from birth to 18 years of age for 4 Ds- Defects at birth, Diseases, Deficiencies and Development delays, spanning 32 common health conditions for early detection and free treatment and management, including surgeries at tertiary level. Children diagnosed with identified selected health conditions are provided early intervention services and follow-up care at the district level. These services are provided free of cost, thus helping their families reduce out of pocket expenditure incurred on the treatment.

This unique health care program as initiate and monitored by Government of Madhya Pradesh across 52 districts under the CMHO of each District under allusion to District Collector. Under this we conduct special drive camp involving our team of Doctors, Technicians, Managers and support members move with well-equipped cardiac ambulance. Before being the camp is organized children are identified by the team of RBSK Doctors in the entire district through needful screening along with RBSK Coordinator and bring these children to the camp. In the camp children are examined and diagnosed for detecting Congenital Heart Disease (CHD) with due registration process by the cardiologist from our hospital. Followed by they are brought to our hospital for treatment and cure. Under this program we extend our health services to all members of the camp, distribute food packets to the beneficiary and family members. We consider this scheme extremely as human care to the society and extend our best possible health care.

## OUR EFFORTS FOR COMMUNITY CARE - DURING COVID PANDEMIC

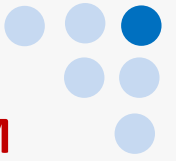

During the severe covid-19 pandemic period as a measure to people's protection and health safety as well as to contribute our best to human society we have distributed 6000 numbers of 'antiseptic hand sanitizer' as also protective face masks of 10000 quantity to people. This has been done as our firm commitment to society and its people at large during health crisis.

In this mission we have covered various corporate companies, Banking institutions, residential colonies, Police stations, Old Age Homes, etc. This has been a tremendous effort in its way of best health care directly to society and overall by handing out such valuable things as our earnest contributions during difficult pandemic and critical health challenges of the society.

Further, our hospital was notified as Covid Hospital for treating covid infected patients and we have treated thousands of patients and brought them back to life. Our hospital was declared the Nodal Centre for distribution of 'Remdesivir Injections' to various covid hospital centers treating for severely infected covid patients, by the Government of M.P. for Bhopal district. Thereby doing this special kinds of health care and services to mankind we could earn the reputation from large counts of people from society as well as from Government flanks.

## ORGANISE CORPORATE HEALTH CHECK-UP PROGRAM (FREE OF CHARGES)

It has been our continuous endeavor to orchestrate and support the corporate world by extending comprehensive health check-up. In this efforts we have organized number of health check-up programs with the motto to support the industry and organizations just being extended wide range of medical examinations as to have obligation to organizations for identifying possible health conditions early on and the adage that “**Prevention is better than cure**” has never been truer, since corporate employees never gets time to check their health status. To name the few of such corporate viz. MP Police organization, State Bank of India, Eicher Tractors Ltd., Think Gas Ltd., Aristo Pharmaceuticals Limited, etc. benefitting to thousands of workmen, employees and managers of the organization by our health check-up program.

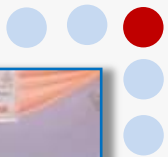

**CORPORATE  
HEALTH CHECKUP**

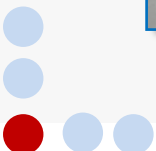

**MP POLICE  
HEALTH CHECK**

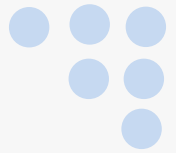

## OUR UPRIGHT IN NATIONAL INTEGRATION

During 75 years of independence on 'AZADI KA AMRIT MAHOTSAV' celebration as for encompassing the national integration and to inculcate bond of togetherness irrespective of castes, creed, gender and community; our hospital employees splendidly took part in the procession with national tricolor flag in hands and reciting national anthem duly organized by the MP Police Department. This has been carried out keeping in mind to create best feelings of oneness and brotherhood with cultural integration among our employees and also to make awareness to live in harmony for which our country stands. It has been our continuous effort in this facet for bearing in such great occasions to stand in for national integration programs.

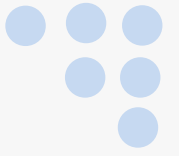

## OUR CARE FOR SHIELDING ENVIRONMENT

Towards addressing environmental care with the intension of keeping environmental issues utmost significant and sustainable development as very vivacious, we contribute to environment with much plantations and keep maintain such plantations. This we keep on doing periodically, since the substance is very critical in the global context and future life of people. This is being supported from us with the core idea to be more considerable, most aware of the existing environmental characteristics, prospecting it for a wide awareness about the environment and moreover to motivate the people to do more in hopes of creating a better future.

**THANK YOU**
